

# CSERC'S 2025 VOLUNTEER PROJECTS REPORT

In 2025, CSERC volunteers participated in 20 volunteer projects of which 18 were volunteer restoration workdays. A total of 70 participants donated more than 400 hours.

## What did our dedicated and hard-working volunteers accomplish this year?

- Protected meadow, wetland, and fen habitat from damaging livestock impacts by building, repairing, and maintaining exclosure fencing;
- Removed thousands of invasive plants from sensitive habitats;
- Planted hundreds of native plants in meadow and wetland habitat;
- Collected and planted thousands of native seeds in bare, denuded meadow areas;
- Facilitated environmental education and outreach to the community; and
- Rehabilitated a long-neglected interpretive nature trail.

Date	Project	Volunteer #s	Volunteer Hrs	Objective/Results
4/14	Quail Meadow	1	8	Exclosure fence repair
4/19	Honoring Mother Earth Celebration	2	8	Staffed booth at community nature event
5/20	Fiddlers Green Meadow	1	7	Exclosure fence repair
5/29	Wet Meadow Springs	3	21	Exclosure fence repair
6/2	Ackerson Meadow Yosemite National Park	8	69	Planted native vegetation & staged thousands of starts
6/4	Wet Meadow Springs	1	7.5	Exclosure fence repair (cont'd)
6/19	Montgomery Meadow	8	24	Invasive weed removal
7/15	Quail Meadow	7	42	Invasive weed removal & native seed collection
7/17	Office support	1	4	Prepare hundreds of newsletters for mailing
7/18	Crab Fen and Fiddlers Green Meadow	1	4.5	Exclosure fence inspection & minor fence repairs
7/19	Bourland Meadow	2	10	Exclosure fence inspection & improve gate closure
7/30	Wet Meadow Springs	6	30	Invasive weed removal

8/27	Crab Fen	1	4.5	Invasive weed removal & native seed collection
9/5	Fahey Meadow	2	11	Invasive weed removal
9/11	Sapps Meadow	6	47	Removed encroaching conifers & invasive weed removal
9/18	Trail of the Gargoyles	9	54	Rehabilitated interpretive nature trail
10/6	Fahey Meadow	5	35	Rebuilt exclosure fence
10/18	Crab Fen	2	8	Took down exclosure fence for the season
